

As a member of the Speaker's Task Force for a Drug-Free America, I heard from Secretary of State Condoleezza Rice yesterday on the growing drug threats facing our nation. Heroin production in Afghanistan continues to rise, posing serious threats to suburban kids. A sharp rise in methamphetamine use is even more alarming. I will continue my work to shut down the international drug network, protect our kids from club drugs and shut down illegal crystal meth factories. [Read more about the Task Force here...](#)
